Ms. Marlene H. Dortch, Secretary  
Federal Communications Commission  
445 12th Street SW  
Washington, DC 20554

Re: Comment Deadlines Established Regarding the LightSquared Technical Working Group  
Report, IB Docket No. 11-109

Dear Ms. Dortch,

I urge the Commission to continue working for a solution to the LightSquared/GPS interference issues. The goal of expanded broadband spectrum is too important to squander this opportunity.

LightSquared is an established communications provider with sufficient capital and expertise to construct a national next-generation broadband wireless network. Its network would greatly expand our nation's broadband wireless spectrum at a time when demand for wireless data downloads is exploding. In addition, as a wholesaler, LightSquared would greatly increase competition in the consolidating wireless industry, a big plus for consumers.

Our nation's economic growth depends on you and the Commission to make the right choice, and create a solution to the interference issues.

Sincerely,  
Georgette Reynon  
Community Specialist
